

SHAYAZATH KHAN R

Python Backend Developer | Flask | FastAPI | AWS

Bangalore, Karnataka, India | +91 6374042861 | Shayazathkhan@gmail.com | linkedin.com/in/shayazath-khan-r

PROFESSIONAL SUMMARY

Python Backend Developer with production experience building and supporting HRMS SaaS applications and REST APIs using Python, Flask, FastAPI and SQLAlchemy. Experienced in attendance, payroll, leave, shift and employee-management workflows, with hands-on expertise in MySQL/AWS Aurora, Redis, Celery, AWS, Docker and Linux. Skilled in API security, authentication, database optimization, real-time services, production troubleshooting and frontend/mobile integration.

TECHNICAL SKILLS

Languages: Python, JavaScript, SQL, HTML, CSS

Backend & APIs: Flask, FastAPI, Django, Node.js, REST APIs, OpenAPI/Swagger, Postman

Architecture & Security: SQLAlchemy ORM, JWT Authentication, RBAC, API Security, Backend System Design

Databases: MySQL, PostgreSQL, MongoDB, AWS Aurora RDS, Database Design, Query Optimization

Async & Real-Time: Celery, Celery Beat, Redis, WebSockets, Socket.IO, Kafka

Frontend & Mobile: React.js, Next.js, React Native, Expo, Tailwind CSS

Cloud & DevOps: AWS EC2, S3, RDS/Aurora, Docker, Linux, Nginx, Gunicorn, Systemd, Terraform, GitHub Actions

AI / Generative AI: LLM Integration, OpenAI, Gemini, Prompt Engineering, AI Agents, Vector Databases

Integrations: Amazon SNS, Firebase FCM, Third-Party API Integration

Engineering: Production Troubleshooting, Debugging, Logging, Testing, CI/CD, Git, Agile Collaboration

PROFESSIONAL EXPERIENCE

Python Backend Developer | I2Global Virtual Learning / PPLSYNC HR Tech | Bangalore, India | Jun 2025 – Present

- Build and maintain production HRMS SaaS backend services using Python, Flask, FastAPI, SQLAlchemy and MySQL/AWS Aurora, supporting business-critical employee and attendance workflows.
- Design and deliver REST APIs for employee management, candidate management, attendance, leave, payroll, regularization, shifts and authentication workflows.
- Translate HRMS requirements into complex attendance and shift logic covering general, night, 24-hour and anytime shifts, half-day, overtime, tolerance, grace periods and punch validation.
- Implemented and production-validated a 14-hour punch-out grace-period workflow for 24-hour shifts in EntrySync.
- Developed secure authentication and OTP workflows using JWT/RBAC, candidate credential validation, Amazon SNS SMS OTP and Forgot Password functionality.
- Implemented Firebase FCM notifications, geofencing and location-based attendance controls to support EntrySync attendance workflows.
- Optimized SQLAlchemy/MySQL queries for attendance, working hours, live tracking and employee data while resolving complex database and query issues.
- Built and supported asynchronous, scheduled and real-time workflows using Redis, Celery/Celery Beat, WebSockets and Kafka.
- Deploy and troubleshoot backend services across AWS and Linux environments using Docker, EC2, S3, Aurora/RDS, Nginx, Gunicorn and Systemd, with exposure to Terraform and GitHub Actions.
- Collaborate with React, Next.js and React Native developers, QA and business stakeholders to validate requirements, resolve production issues and release features.

Intern | VCODEZ | Chennai, India | Feb 2025 – Jun 2025

- Developed responsive web interfaces using React, JavaScript and Django, with focus on usability and API-driven application workflows.
- Integrated frontend applications with backend REST APIs and collaborated on data exchange between client-side and server-side components.
- Worked with MySQL-backed Django applications and contributed to debugging, feature development and application testing.

SELECTED PROJECTS

Adaptive Refinement in Circular Yeast Production Systems | React, Django, MySQL, REST APIs

- Built a full-stack web application with React, Django, MySQL and REST APIs during internship.

MyOne – Study Materials Mobile App | React Native, Node.js, Socket.IO, MongoDB

- Developing a React Native study-materials application with Node.js, Socket.IO and MongoDB.

Notes Web Application | Django, Python, MySQL, JavaScript

- Built a Django/MySQL notes application with JavaScript-based API interactions.

EDUCATION

Bachelor of Computer Applications (BCA) – 2025 | The New College, Chennai, Tamil Nadu

- Gold Medal, Academic Achievement Award – Second Year.
- Silver Medal, Academic Achievement Award – First Year.
- Leader of Department Union; Mentor of Department classes.
